Subject: RE: Can you replace his current one with Mark's WAR
Attachments: 051321.Rodrigues.docx

Hi Tanya,

I've attached the revised WAR report which includes my changes, Lou's additional WAR item, and replacement of Mark's Governor Bacon item with the new WAR item. It should be good to go.

Since we're get quite a few late breaking additions, what do you think about making the deadline for submission noon on Wednesday instead of noon on Tuesday?

I also noticed that our email reminder to folks to submit their WAR items includes some items that date back a few years and should probably be replaced with new instructions. I've drafted a proposed revision that I'll send along with another email. I'd like to get your opinion on it and, if you think it will work, we could use it to send out this week's reminder.

Thanks.

Allison

Subject: RE: Mark's WAR

Stop the presses!! This CD was entered by the judge this morning. Can we use this updated WAR item instead?

Subject: Mark's WAR

Mark, I was reminded recently that WAR items should have a docket number in the headline. (Poetic justice – I forgot it also for my EAB item this week). Could you include your docket number and return to Tanya

DOJ Files Motion to Enter Proposed Consent Decree to Settle Cost Recovery Action at Governor Bacon Health Center Superfund Site in DE. [Docket Number] On May 7, 2021, DOJ filed a motion to enter the proposed Consent Decree in federal district court in Delaware to settle EPA's cost recovery claim, pursuant to CERCLA Section 107(a), against the U.S. Army Corps of Engineers and the State of Delaware for costs incurred at the state-owned Governor Bacon Health Center Superfund Site, in Delaware City, DE. The Corps represents the United States Department of the Army, which owned and operated the Site as a landfill from the 1860s to 1947. EPA incurred \$3,831,479 in response costs for a time-critical removal action performed in 2014 and 2015 to mitigate releases of lead into the adjacent Delaware River. Under the proposed Consent Decree, Delaware has agreed to pay to EPA \$1,889,992 and the Corps has agreed to pay to EPA \$1,700,993 for a total recovery of 95% of the costs incurred at the Site. No comments were received during the public comment period. **Primary Contact: Mark Bolender, (215) 814-2642, Additional Contact: Maria Goodine, (215) 814-2488**
